Asks for the services of a special medical officer for plague duty in Central India; and says that ^{he would} ~~The A.G.G.~~ should be grateful if it can possibly be arranged to depute Lt. Tyrrell for the purpose.

We may consult the D.G. I. Ind. -

H. 15/9/04

Lieut. Tyrrell was reverted to Military duty in May last as he had not put in two years' service with a regiment & was not eligible for continuous civil employment. The same objection perhaps still exists.

(Continuation of Note, Précis or Draft.)

Lieut. Tyrone has not yet completed his two years of milty. employment it is very desirable that he should be allowed to do so before being employed again under any civil government.

He was made to report to military employment for this purpose quite recently vide notes at Slip. A. dated 21.4.04.

The P.D. has already an excessive number of Medl. Officers it is for consideration whether the A.G.S. should not make local arrangements for plague operations.

The A.G.G. appears to urgently require the services of an additional medical officer, & the mere fact that a certain number of medical officers are already employed under the Foreign Dept does not seem to be a valid reason for not sending a man to help in this emergency.
